

TIMES ON THE MESA.

Many Improvements Being Made and Times Prosperous.

L. T. Wilkins, one of the prosperous citizens of Mesa City, was in Phoenix yesterday on business and paid the Republican office a pleasant visit. Mr. Wilkins informs us that the fruit crop on the Mesa this year is the largest ever known. The peach crop is fully double what it was last year and of grapes, there is an unusually large quantity. E. G. Frankenburg and Company have about ten girls at work cutting peaches at their evaporator in Tempe, and are taking all the peaches on the other side of the river at 1 cent per pound. Mr. Cubor, Jones Bros., and Dan Bagley are all making a large quantity of wine from Zinfandel grapes, and a large quantity of raisins will be made by other parties. The almond crop is also larger than ever before, and is sufficient to supply the home market. The price asked at present is 12½¢ per pound. Of pears, there is a large quantity, the trees being all heavily loaded. With proper railroad facilities and an outlet such as would be furnished by the North and South road, a handsome sum would be realized by the people of Mesa and vicinity from their fruit.

The new headgate in the Mesa Canal has just been finished at a cost of \$3000, and the new dredger is now working below it making good headway. It is expected that a slight shift will be put on next week and work will continue day and night.

The management of the work and of the Mesa Canal by Mr. Chander is giving excellent satisfaction. The canal is full of water, and the farmers under the canal are now being supplied with water much cheaper than under the old management.

The people of Mesa, as well as all on the South Side, are anxiously awaiting to see the new toll road from Tempe to Globe started. This would be an important aid, not only to them but to the whole Salt River Valley.

There was a heavy fall of rain at the Highland and Jonesville on Friday evening last, while at Mesa City there was not enough to settle the dust.

The telephone is giving good satisfaction, and is a great accommodation to the public.

An Operation Performed.

In Frank Griswold's case yesterday, Dr. Helm succeeded in relating the pressure on the brain by lifting the depressed portion of the skull and restoring it to its place. The patient seemed to undergo a change for the better almost immediately after the operation.

Yesterday was the first time since the accident when he partook of any solid food. The greatest trouble now seems to arise from a pain in the side. It remains to be seen whether or not any detached pieces of bone are on the inside of the skull wall.

Eruption of a Volcano.

COLIMA, Mex. Aug. 18.—This morning the volcano of Colima began to show signs of eruption, and after a time the whole city became covered with ashes. This is the most extensive eruption ever known here, and it is feared that a great many lives will be lost.

The North and South road will soon be built, but in the meantime People's and Smiths continue to do lineal surveying, cleaning and repairing, suits, clothing, ready-made, at best rock prices. Opposite Republican office.

MANY strange things happen. The forty miners discovered gold, but Coronado Natural Mineral Water is the greatest discovery of today. It is being shipped to all parts of the world. A large supply on hand at Goldman & Co's.

ARE YOU GOING TO EXCURT?—If so, the "Old Reliable" Texas & Pacific is the only line that can give you choice of routes through New Orleans, Vicksburg, Memphis, St. Louis, Hannibal, Chicago, Kansas City and Denver to the West, North, East and South. Fine roadbed, equipment unexcelled, polite and courteous trainmen and sure connections. Excursion tickets on sale until September 30. For rates, E. L. Sargent, General Agent, or H. D. Platt, Depot Ticket Agent, El Paso, Texas.

GREAT REDUCTION IN FARE—The Atchison, Topeka & Santa Fe Railroad Company will sell round trip excursion tickets from Deming, Silver City and El Paso to Kansas City, St. Louis, Chicago, Niagara Falls and other points East at greatly reduced rates. This is the only line running the elegant vestibule trains Northeast and West, and you who are contemplating a trip Northeast or West, will find it to your advantage to correspond regarding rates, limits, connections, etc., with George C. Nicholson, U. S. & T. A., Topeka, Kansas; C. H. Morehouse, F. D. & P. A., El Paso, Texas.

AGAIN WE CUT.—In yesterday's paper the Atchison, Topeka & Santa Fe Railroad Company announced a rate of one fare for the round trip from Deming and El Paso to Detroit, Mich. and return to parties desiring to attend the encampment of G. A. R. held at Detroit, Mich. August 1, and now desire to inform their friends and patrons that they will still reduce this rate to \$7.50 for the round trip. Tickets will be on sale with our agents at Deming and El Paso July 29 to August 2 inclusive, with a final limit until September 30 and a travel limit in each direction of five days. This is undoubtedly the lowest rate that will be made to the East this summer, and those who are contemplating a trip will do well to take advantage of this sweeping reduction.

You Can Spend Summers Pleasantly.—If you go to the Hotel del Coronado and there enjoy the mild, pure sea air for a time. It is restful and invigorating, and every moment is enjoyable there. Outdoor pleasures and sports; also all kinds of indoor amusements. Fishing, hunting and yachting in abundance. For terms of the season, room plans, pamphlets, etc., address, E. S. BABCOCK, Manager, Coronado.
